BILLING CODE 7590-01-P

[IA 96-020]

Mr. Juan Guzman; Order Prohibiting Unescorted Access or Involvement in NRC-Licensed Activities Effective Immediately

I

Mr. Juan Guzman was employed as a
contractor by the Baltimore Gas &
Electric Company (BG&E) at the Calvert
Cliffs facility (Licensee), which holds a
license issued by the Nuclear Regulatory
Commission (NRC or Commission)
pursuant to 10 CFR Part 50. The license
authorizes the operation of the Calvert
Cliffs Nuclear Power Plant, Units 1 & 2
(facilities) in accordance with the
conditions specified therein. The
facility is located on the Licensee's site
in Lusby, Maryland.

II

In a Licensee Event Report issued by
BG&E on November 16, 1994, the NRC
received information from BG&E
indicating that BG&E had revoked Mr.
Guzman's unescorted access
authorization and removed him from
the protected area in October 1994 after
it became aware through an
investigation by the Immigration and
Naturalization Service and State
Department, that Mr. Guzman was an
illegal alien.

Mr. Guzman's unescorted access to
the site initially had been granted by
BG&E on February 23, 1993 based, in
part, on his submittal of a "green card"
and social security card during the
initial interview process, both of which
were represented as authentic when, in
fact, they were not. In addition, when
questioned on prior occasions by the
Licensee regarding an arrest record
obtained as a result of fingerprints
submitted to the FBI, Mr. Guzman
repeatedly denied that the arrest record
belonged to him, even though it did. Mr.
Guzman's falsification of background
information, combined with his
subsequent denials to the Licensee,
constitute a significant regulatory
concern.

The NRC regulations in 10 CFR 73.56
and 73.57 were established, in part, to
provide high assurance that individuals
granted unescorted access are
trustworthy and reliable. Mr. Guzman's
actions in this matter did not
demonstrate that trustworthiness, and
constitute a violation of the
requirements of 10 CFR 50.5,
"Deliberate Misconduct," because Mr.
Guzman deliberately submitted to the
Licensee information that he knew was
incomplete or inaccurate in some
respect material to the NRC.
